INDEPENDENT AUDITORS' REPORT

Board of County Commissioners Terrell County, Georgia Dawson, Georgia 39842

Gentlemen:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Terrell County, Georgia, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the Terrell County Board of Health Component Unit, which statements reflect total assets of \$ 271,472. as of June 30, 2016, and total revenues of \$ 478,428. for the year then ended. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the Terrell County Board of Health Component Unit, is based solely on the report of the other auditors.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

GREGORY R. GARLAND, C.P.A. WILLIAM H. WILLIAMS, JR., CPA	GGARLAND@GARLANDWILLIAMS.COM WILLCPA@AOL.COM	THE GEORGIA SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Terrell County, Georgia as of September 30, 2016, and the respective budgetary comparison for the General Fund thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted *management's discussion and analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

The GASB 68-Accounting and Financial Reporting for Pensions Required Supplementary Information is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. Accounting principles generally accepted in the United States of America require that The GASB 68-Accounting and Financial Reporting for Pensions Required Supplementary Information be presented to supplement the basic financial statements. This information, although not a part of the basic financial statements, is required by accounting principles generally accepted in the United States of America, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to the auditor's inquiries, the basic financial statements, and other knowledge the auditor obtained during the audit of the basic financial statements. However, we do not express an opinion or provide any assurance on the information because the limited procedures do not provide the auditor with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Terrell County, Georgia's basic financial statements. The combining and individual fund financial statements and the Schedules of Projects Constructed with Special Sales Tax Proceeds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and the Schedules of Projects Constructed with Special Sales Tax Proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 7, 2016 on our consideration of Terrell County, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Terrell County, Georgia's internal control over financial reporting and compliance.

Respectfully submitted,

Total Fund Equity per Balance Sheet of Governmental Funds	\$ 1,263,277.
Amounts reported for governmental activities in the Statement of Net Position differ from amounts reported in the Balance Sheet of Governmental Funds due to the following:	
Capital Assets: Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Cost of the assets Accumulated depreciation	20,421,222. (10,880,134.)
Revenues: Some of the government's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds.	475,091.
Long-term Liabilities: Long-term liabilities are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities both current and long-term are reported in the Statement of Net Position. Long-term liabilities at year-end consist of the following: Notes Payable Landfill Postclosure Costs	- -

Excess (Deficiency) of Revenues and Other Sources Over Expenditures and Other Uses	\$	316,001.
Amounts reported for governmental activities in the Statement of Activities differ from amounts reported in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances due to the following:		
Capital assets: Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. Total capital outlays Total depreciation		181,018. (882,449.)
The net effect of transactions involving capital assets (i.e. sales) is to decrease net position. Cost of capital assets disposed Accumulated depreciation		-
Long-term debt: The issuance of bonds and similar long-term debt provides current financial resources to governmental funds and thus contributes to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement Of Activities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the Statement of Net Position. The amounts of the items that make up these differences in the treatment of long-term debt and related items are as follows: Debt issued or incurred Principal paid by governmental funds		-
Revenues: Because some revenues will not be collected for several months after the government's fiscal year end, they are not considered available revenues and are deferred in the governmental funds. Deferred revenues increased (decreased) by this amount during the fiscal year.		- 51,367.

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1-A. Reporting Entity

Terrell County operates under a County Commissioner form of government and provides the following services as authorized by state law; public safety (police and fire), highway and streets, health and social services, recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the reporting entity include those of Terrell County, Georgia (the primary government) and its component unit. A component unit is a legally separate organization for which elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The component units discussed below is included in the County's reporting entity because of the significance of the operational and financial relationships with the County. In conformity with generally accepted accounting principles, as set forth in Statement of Governmental Accounting Standards No. 14, *The Financial Reporting Entity*, the financial statements of the component units have been included as discretely presented component units. The component units column in the basic financial statements include the financial data for the County's component units, as reflected in their most recent audited financial statements. This is reported in columns separate from the County's financial information to emphasize that they are legally separate from the County.

<u>Terrell County Board of Health</u> - The County Board of Health provides health services to the citizenry of Terrell County, Georgia. The County Board of Health is a legally separate entity. The Board of Commissioners of Terrell County appoint a voting majority of the Board of Health. The County has the ability to impose its will on the Board of Health in accordance with Georgia Laws O.C.G.A. 31-3-14. Complete financial statements of the Terrell County Board of Health may be obtained at the offices in Terrell County, Georgia.

<u>Development Authority of Terrell County</u> - The Development Authority of Terrell County promotes development in Terrell County. The authority is a legally separate entity. The Board of Commissioners of Terrell County appoint a voting majority of the authority's board. The county has the ability to impose its will on the development authority. Complete financial statements of the Development Authority of Terrell County may be obtained at the offices in Terrell County, Georgia.

In addition, Terrell County, Georgia, in conjunction with other cities and counties are members of the Southwest Georgia Regional Commission. Membership is a regional commission is automatic for each municipality and county in the state. The official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the regional commissions. Each county and municipality in the state is required by law to pay minimum annual dues to the regional commission for the year ended September 30, 2016. The regional commission board membership is includes the chairman of each county (or his/her designee), a municipal representative from each county, three appointees named by the governor, and one each by the lieutenant governor and speaker of the House of Representatives. Complete financial statements of the Southwest Georgia Regional Commission may be obtained at the offices in Mitchell County, Georgia.

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines regional commissions as "public agencies and instrumentalities of their members." Georgia laws also provide that the member governments are liable for any debts or obligations of a regional commission beyond its resources. (O.C.G.A. 50-8-39.1).

1-B. Basis of Presentation, Basis of Accounting

Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including it fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Operating income reported in proprietary fund financial statements include revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

The County reports the following major governmental funds:

General Fund - This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

2011-2016 Special Purpose Sales Tax Fund - This fund accounts for the County's proceeds from the 2011-2016 Special Purpose Sales Tax.

Basis of Presentation, continued

The county reports the following major enterprise fund:

-None-

The County reports the following fund types:

Agency Funds - These funds account for monies received and disbursed by various elected and appointed officials.

Measurement Focus, Basis of Accounting

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgements, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs followed by categorical block grants, and then by general revenues.

All governmental and business-type activities and enterprise funds of the County follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

Measurement Focus, Basis of Accounting, continued

Terrell County, Georgia has adopted GASB Statement No. 54 beginning with the fiscal year ended September 30, 2011. GASB Statement No. 54 redefined how net position and fund balances of governmental funds are presented in financial statements. Net position and fund balances are classified as follows:

Nonspendable - Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors.

Committed - Amounts that can be used only for specific purposes determined by majority by vote of the county commission.

Assigned - Amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes designated by majority vote of the county commission.

Unassigned - All amounts not included in other spendable classifications.

Terrell County, Georgia will typically use restricted net position and fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

1-C. Assets, Liabilities, and Equity

Deposits and Investments

The cash and investment balances consist entirely of cash on hand, demand deposits, and money market accounts.

Cash and Cash Equivalents

The County considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, money market accounts, and certificates of deposit with maturities of less than three months.

Receivable and Payables

All trade and property tax receivables are shown net of an allowance for uncollectibles.

Property Tax Calendar

The County is responsible for the assessment, collection, and apportionment of property taxes for all jurisdictions including the schools and special districts within the County. Property taxes are levied on the date the millage rate is set (September 22, 2015) and are due and payable between October 20th and December 20th (typically. The lien date for property is January 1st (typically).

Inventories and Prepaid Items

The County maintains no significant inventories or prepaid items.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. General infrastructure assets acquired prior to July 1, 2002 consist of the road network assets that were acquired or that received substantial improvements. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

As a Phase 3 government the County can elect to capitalize infrastructure from the date of inception forward. The County has elected to do so.

Capital assets are depreciated using the straight-line method over the following useful lives:

	Estimated
Asset Class	<u>Useful Lives</u>
Infrastructure	20
Buildings	30
Building Improvements	10-20
Vehicles and Equipment	5-10

Compensated Absences

Costs of vacation pay is not recorded until such benefits are paid. GASB Standards require that vacation pay be accrued when:

(1) The employer's obligation to employees' right to receive compensation for future benefits is attributable to employees' service already rendered.

- (2) The obligation related to rights that vest or accumulate.
- (3) Payment of compensation is probable, and
- (4) the amount can be reasonably estimated.

Accumulated sick pay benefits have not been recorded as a liability because these benefits are paid only upon the illness of an employee and the amount of such payments cannot be reasonably estimated.

NOTE 7 - PENSION PLANS

PRIMARY GOVERNMENT

A - Defined Contribution Plan

By authority of a resolution passed by the Board of Commissioners and state statute, the County has elected to participate in a retirement plan administered by the Nationwide Retirement Solutions and GEBCOR. The plan is a defined contribution (money-purchase) plan in which contributions made by and made for an individual participant are credited to that individual participant's account. The name of the plan is the Terrell County Deferred Compensation Plan.

Under the plan, the County allows employees the option of contributing up to 25% of their earnings to the plan. In addition to the employees contribution, the County contributes the following amounts based upon length of employment (but never less than \$ 600. for participants over age 55):

Less than 3 years service 3 years but less than 5 5 years but less than 7 7 years but less than 10 10 or more years service 0% of Annual Salary 3% of Annual Salary 4% of Annual Salary 6% of Annual Salary 8% of Annual Salary

Benefits depend upon the sum of the employee's contributions to the plan with investment earnings and the County - financed contributions to the plan with investment earnings.

NOTE 7 - PENSION PLANS, continued

PRIMARY GOVERNMENT, (continued)

A - Defined Contribution Plan, continued

Upon retirement or employment termination, employees are entitled to either a lump sum distribution of the employee and employer contributions with investments earnings or the option of receiving monthly, semi-annual or annual payments based on an amount equal to the amount of the employee and employer contributions with investment earnings. Employees are vested immediately in the County - financed contributions to the plan.

The County's total payroll was \$ 3,139,968. and the County's contributions were based on a payroll of \$ 997,318. for the fiscal year ending September 30, 2016. Employee contributions to the plan amounted to \$ 45,812., or 4.59% of the total covered payroll. Employee contributions amounted to \$75,513. to the plan, or 7.57% of the total covered payroll. Employee and employer contributions can only be amended by a resolution passed by the county commission or by state statute. A total of 38 employees participated in the plan for the fiscal year ended September 30, 2016. The County made its required contributions to the plan amounting to \$ 75,513. to the plan for the fiscal year ending September 30, 2016. There were no related-party transactions.

B - Cost Sharing, Multiple Employer Defined Benefit Pension Plans

Public safety personnel and certain elected county officials participate in various cost sharing, multiple employer defined benefit pension plans as defined in Governmental Accounting Standards Board (GASB) Statements No. 67 and 68. These plans include the Peace Officers' Annuity and Benefit Fund, Sheriff's Retirement Fund, Superior Court Clerks' Retirement Fund, Judges of the Probate Courts Retirement Fund, and the Magistrate Judges Retirement Fund. The county has omitted all disclosures and pension expense amounts for these plans as they are immaterial to the government's financial statements.

Plan Description

The Employees' Retirement System (ERS) was established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. It is a cost-sharing, multiple-employer defined benefit pension plan as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans.* ERS is directed by the Board of Trustees. Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature.

NOTE 7 - PENSION PLANS, continued

A - Terrell County Board of Health, continued

Benefits Provided

The ERS Plan supports three benefit tiers: Old Plan, New Plan, and Georgia State Employees' Pension and Savings Plan (GSEPS). Employees under the old plan started membership prior to July 1, 1982 and are subject to plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982 but prior to January 1, 2009 are new plan members subject to modified plan provisions. Effective January 1, 2009, new state employees and rehired state employees who did not retain membership rights under the Old or New Plans are members of GSEPS. ERS members hired prior to January 1, 2009 also have the option to irrevocably change their membership to GSEPS.

Under the old plan, the new plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of 10 years f creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon the monthly average fo the member's highest 24 consecutive calendar months, multiplied by the number of years of creditable service, multiplied by the applicable benefit factor. Annually, post-retirement cos-of-living adjustments may also be made to members' benefits provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

Contributions

Member contributions under the old plan are 4% of annual compensation, up to \$ 4,200, plus 6% of annual compensation in excess of \$ 4,200. Under the old plan, the state pays member contributions in excess of 1.25% of annual compensation. Under the old plan, these state contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits. Member contributions under the new plan and GSEPS are 1.25% of annual compensation. The Health Department's contractually required contribution rate, actuarially determined annually, for the year ended June 30, 2016 was 24.72% of annual covered payroll for old and ne plan members and 21.69% for GSEPS members.

The employees of the Terrell County Health Department are covered by the Employees' Retirement System of the State of Georgia. Total retirement contributions for the year ended June 30, 2016 were \$ 36,018 based on qualifying salaries of \$ 151,871.

Actuarial Assumptions

The collective total pension liability was determined by an actuarial valuation as of June 30, 2014, using the following actuarial assumptions, applied to all periods included in the measurement: Inflation 3.00%

Inflation	
Salary increases	
Investment Rate of Return	

5.45% - 9.25%, including inflation

7.50%, net of pension plan investment expenses, including inflation

Mortality rates were based on the RP-2000 Combined Mortality Table for the period after service retirement, for dependent beneficiaries, and for deaths in active service, and the RP-2000 Disabled Mortality Table set back eleven years for males for the period after disability retirement.

The actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2004 - June 30, 2009.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the asset allocation percentage and by adding expected inflation.

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate:

	1%	Current	1%
	Decrease	discount rate	Increase
	<u>(6.5%)</u>	(7.5%)	<u>(8.5%)</u>
Employer's proportionate share Of the net pension liability	\$ 361,235	\$ 254,833	\$ 164,121

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Employees' Retirement Systems of Georgia Financial Report which is publically available at www.ersga.com

Note 9 - BUDGETARY DATA AND BUDGETARY CONTROL

- 1. Prior to the start of the new fiscal year, the Chairman submits to the Commission a proposed operating budget. The operating budget includes proposed expenditures and the means of financing them.
- 2. The Commission holds a public hearing on the budget, giving notice thereof at least ten days in advance by publication in the official organ of Terrell County.
- 3. The budget is then revised and adopted or amended by the Commission.
- 4. The budget so adopted may be revised during the year only by formal action of the Commission in a regular meeting and no increase shall be made therein without provision also being made for financing same.
- 5. Formal budgetary integration has not been employed. The budget for the General Fund and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6. Budgeted amounts are as originally adopted, or as amended by the Commission. Individual budget amendments were not material in relation to the original appropriations which were amended.

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by sources. Expenditures are budgeted by department and class as follows: personal services, other services and charges, supplies, capital outlay, transfers, and debt service. The legal level of control is by department. Expenditures may not exceed appropriations at this level. Budget revisions at this level are subject to final review by the County Commission. Within these control levels, management may transfer appropriations without commission approval.

NOTE 10 - ENCUMBRANCES

Encumbrances represent commitments related to unperformed contracts for goods and services. Encumbrance accounting - under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is not utilized by the County. Encumbrance accounting is normally an extension of formal budgetary integration. The County has not reserved any fund balances for encumbrances of financial resources.

NOTE 11 - CAPITALIZED INTEREST

Interest expenditures incurred during construction of assets are capitalized as part of the asset cost.

NOTE 12 - MATERIAL VIOLATIONS OF LEGAL AND CONTRACTUAL PROVISIONS

The County is in compliance with all finance related legal and contractual provisions.

NOTE 13 - DEFICIT FUND BALANCES

All funds operated by Terrell County had positive fund balances at September 30, 2016.

NOTE 14 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS

None of the funds operated by Terrell County, Georgia had an excess of expenditures over appropriations.

NOTE 15 - GRANTS RECEIVABLE

At September 30, 2016, Terrell County did not have any grants receivables.

NOTE 16 - LANDFILL CLOSURE AND POSTCLOSURE CARE COST

Terrell County has closed its landfill and placed a final cover on the landfill in accordance with state and federal laws and regulations. In addition, state and federal laws and regulations require the County to perform certain maintenance and monitoring functions at the site for five years after closure. These maintenance and monitoring functions were completed during the fiscal year ending September 30, 2001 and were estimated to cost \$ 65,300. per year.

Since these maintenance and monitoring functions were completed during the fiscal year ended September 30, 2001, the County does not report any amount as landfill postclosure care liability.

NOTE 17 - SEGMENT INFORMATION - ENTERPRISE FUNDS

The County does not currently operate any enterprise funds.

NOTE 18 - LITIGATION

In the opinion of the Commissioners and legal counsel, there are no legal actions pending which would have a material effect on the County's financial position.

NOTE 19 - CONTINGENCIES

Terrell County, Georgia did not receive any grants from the Federal Government for the year ended September 30, 2016. Therefore the county is not required to comply with the provisions of the Single Audit Act Amendments of 1996.

NOTE 20 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other counties in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

Pursuant to provisions of the Official Code of Georgia Annotated, Terrell County became a member of the ACCG Interlocal Risk Management Agency. The agency established and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of government. The agency is to defend and protect in accordance with the member government contract and related coverage descriptions any member of the agency against liability or loss.

Terrell County, Georgia must participate at all times in at least one fund which is established by the agency. Other responsibilities of the County are as follows:

- (1) To pay all contributions, assessments or other sums due the agency at such times and in such amounts as shall be established by the agency.
- (2) To select a person to serve as a member representative.
- (3) To allow the agency and its agents reasonable access to all facilities of the County and all records, including but not limited to financial records, which relate to the purposes of the agency.
- (4) To allow attorneys appointed by the agency to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund established by the agency.
- (5) To assist and cooperate in the defense and settlement of claims against the County.
- (6) To furnish full cooperation to the agency's attorneys, claims adjusters, service company, and any agent, employee, officer or independent contractor of the agency relating to the purposes of the agency.

TERRELL COUNTY, GEORGIA NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2016

NOTE 20 - RISK MANAGEMENT, continued

- (7) To follow all loss reduction and prevention procedures established by the agency.
- (8) To furnish to the agency such budget, operating and underwriting information as may be requested.
- (9) To report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the agency or any fund established by the agency being required to pay claim for loss or injuries to County property or injuries to persons or property when such loss or injury is within the scope of the protection of a fund or funds in which the County participates.

Terrell County, Georgia retains the first \$ 5,000. of each risk of loss in the form of a deductible. The County files all claims with agency and the agency bills the County for any loss up to the \$ 5,000. deductible.

Pursuant to provisions of the Official Code of Georgia Annotated, Terrell County, Georgia became a member of the ACCG-GSIWCF (a Workers' Compensation Self Insurance Fund). The liability of the fund to the employees of any employer (Terrell County, Georgia) is specifically limited to such obligations as are imposed by the applicable state laws against the employer for workers' compensation and/or employers' liability.

As part of this risk pool, the County is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund.

The fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the preview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding of compensation therefor, although such suits, other proceedings, allegations or demands be wholly groundless, false, or fraudulent. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgement, and all expenses incurred for investigation, negotiation, or defense.

Settled claims in the past three years have not exceeded the coverages.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Terrell County, Georgia Dawson, Georgia 39842

Gentlemen:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Terrell County, Georgia as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise Terrell County, Georgia's basic financial statements and have issued our report thereon dated December 7, 2016. Our report includes a reference to other auditors who audited the financial statements of the Terrell County Board of Health Component Unit, as described in our report on Terrell County, Georgia's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Terrell County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Terrell County, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Terrell County, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Terrell County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters hat are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordant with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Garland, Williams & Associates
